*Hi, I am a voice from past days working with many of you at Hewlett-Packard and Agilent Technologies. Currently, I live in Tampa Bay, the sunshine state of Florida.*

*For years, I enjoyed owning a vacation home in Florida while working in Massachusetts and ultimately moved here and live here all year round. I would love to help you buy a fabulous vacation home in Florida. I am a Keller Williams Realtor working with many preferred new home builders which provide VIP Prices and Services to my buyers. Plan a trip to visit Florida and let me tour you to some of the most exciting new communities north to Wellesley Chapel and south to Sarasota in the Tampa Bay Area with a wide range of properties from \$130 - \$190's complete for new townhomes/villas to single family homes in the low \$200's and up.*

*Financial mortgage lenders are currently offering rates BELOW 4% to qualified buyers and New Home Builders offering very attractive mortgage rates and some paying the buyer's closing costs. Punxsutawney Phil doesn't need to come to Florida – we enjoy sun and balmy weather all year long. What are you waiting for? Looking forward to seeing you. It would be my pleasure to help you find your dream home in the sun. Call or email me so I can arrange to meet with you.*
